

PRESIDENT'S MESSAGE

The month of September ended with A devastating Category 4 Hurricane that impacted Florida and several other southern states. Indian Lake Estates was spared having only minimal wind related damage to several trees throughout our community. The National Hurricane Center is currently tracking Tropical Storm Joyce which is moving northwest over the central Atlantic. It is not known if this will develop to hurricane strength and impact Florida. They are also monitoring a storm that may develop in the Gulf of Mexico this storm is developing much the same as Hurricane Helene. We will again keep our residents informed on our Facebook page, website and bulletin boards as information develops. I again encourage all residents to pay attention to the news, have a plan and stay prepared for whatever happens.

October 17th at 7:00 pm in the Ballroom is the General Membership Meeting. This Meeting is for members only. There are 2 ballot initiatives to be voted on. Only Members in good standing will receive a ballot when checking in and as always absentee and proxy forms will be available at the business office. Members will be asked to vote to approve the Capital Reserves Budget for 2025 and changes to the Indian Lake Estates Bylaws that will better serve all our residents.

New sidewalks are being installed at the lakefront. During this much needed project the pier will be closed. This work is expected to be completed the first week of the month. The tennis court resurfacing and reconfiguration to accommodate both tennis and pickle ball has been delayed by the vendor. Hopefully they get this completed in the short term. Along with these projects there are several other projects in progress addressing long ignored deficiencies throughout out facilities. We will post any effects they may have on residents' movement and daily activities.

October is an eventful month there are many scheduled or planned activities please check our Facebook page, website, and bulletin boards for dates and times. I would like to point out 3 specific events. October 20th, the Yacht Club will start hosting Sunday breakfast from 8-11am at the lakefront pavilion. A great place to meet friends and neighbors. October 24th at 10am, the Bloodmobile will be at the Clubhouse. Please donate if you can to this lifesaving cause. October 31st is Halloween the social committee is working hard to make Our Annual "Trunk or Treat" the best ever.

In closing there are still 2 months before Hurricane Season ends. I know I have been mentioning this in my monthly letters. I am only emphasizing how important it is to have a plan, be prepared and remain safe. Have a great October and enjoy all that Indian Lake Estates has to offer. Hope to see you around.

Sue Raychel - ILEU Treasurer

Karen Saint - ILEU Secretary

Water Board Meetings are held every month. Community participation needs to improve. Only one person from the community came to the last meeting. Please come to meetings and be an active part of YOUR community. We are still looking for members to fill vacancies.

OCTOBER 2ND AT 10:00AM in the Conference Room in the Club House.

Frequently Asked Questions about water:

How come my water is discolored, but my neighbor didn't notice my discoloration?

If the water inside a home or business is turned on while hydrant flushing is going on, discolored water may enter your plumbing. If a neighbor did not use water during the day, they most likely will not notice any discoloration.

My water is discolored. What should I do?

Wait until flushing has subsided in your area then run a cold water tap until the water runs clear. Remember rust colored water is safe, but it may stain laundry. If this happens, keep clothes wet and treat them with stain remover.

Why does ILE Utilities flush hydrants?

Hydrant flushing is the quick release of water from fire hydrants. It's a controlled procedure that is vital to the general maintenance of the water distribution system. It ensures adequate water flow is available to fire fighters, residents and businesses. It also improves water quality by clearing iron and other mineral deposits from the water mains.

What are the effects of hydrant flushing?

During the flushing of a hydrant, some customers may notice reduced water pressure and flow.

Why is my water rust/tea-colored from the hydrant flushing? Is the water safe?

Sometimes hydrant flushing can make the water temporarily appear rust-colored because the iron and other mineral deposits in the water mains get stirred up. There is no health hazard associated with discolored water. Water is safe to use and consume during hydrant flushing, however it may stain laundry.

The same philosophy of water line and hydrant preventive maintenance is one that you should use in your own home to ensure the quality of water inside your home. Your home's water heater should be drained and flushed on a regular basis, according to manufacturers' recommendations, to keep it working effectively and efficiently."

If you have any issues with your water during business hours do not call the emergency number call the office 863-692-2600 or 863-692-1433. Only call emergency number if the office is closed.

Water Customers-Please do not KILL the honey bees that are in the meter boxes. Please call the office and we will have them professionally removed. A home owner called, and this was removed. Let's do our part in the community and save the bees.

What is the name of the tallest building in the world? A library, because it has the most stories.

Guess what? ILE Library does too. It has plenty of new books to buy or check out. It is a free service for all ILE members. We also have puzzles, movies, auto-books, and so much more.

Have you been doing some Fall cleaning and would like to pass on items the library could use? We appreciate all your donations, and it is so easy to do so. There is a slot in the door for your convenience. You can drop items through the slot anytime. If your donation is larger, please feel free to contact me and I will be glad to meet you at the library at a time suitable for you.

Are you a high school student and looking for a way to get some volunteer hours? Please contact me for a way to help the library and easily get some hours while staying local. The fall hours for the library are Mondays, Wednesdays, and Fridays from 10 am- noon. If

you would like a tour of the library during off hours or would like to be part of our volunteers VIP Team, text me at 615-692-9837.

We need your help! The library has started collecting the soda tabs for the Ronald McDonald house. Look for locations throughout the club house or just place them in a plastic bag and then slide them in door slot if the library is not open. We appreciate your help.

Greetings

I just returned from vacation. I seen a lot of damage to our neighbors in Northern Florida, Georgia, Tennessee. I felt blessed ILE was spared what I drove through.

We applied the last large area Herbicide application before I left before Overseed. I will announce in next month's newsletter when we will be Closed for Overseed.

I want to thank my staff for stepping up and giving me a break. I look forward to a successful Season. The income is still on Course to meet the Operating Budget granted by Community.

Best Regards

Danny Lunceford
Director of Facilities Golf Related
