

JULY 2026

INDIAN LAKE ESTATES NEWSLETTER

July is a special month as we celebrate America's 250th anniversary. On July 4, 1776, the Declaration of Independence was adopted, marking the birth of our nation. To honor this historic milestone, we're excited to celebrate together as a community with two great events.

On July 4, the Yacht Club will host its annual Independence Day Potluck at the pavilion. It's always a wonderful opportunity to enjoy good food, great company, and celebrate our nation's birthday with friends and neighbors.

Then, on July 25, join us for our Community Celebration at the clubhouse! We'll have food trucks, a water slide for the kids, games, music by DJ Erica, and plenty of fun for all ages. The clubhouse ballroom will also be open, providing comfortable seating and air conditioning, so don't let the summer heat keep you away. Come out, enjoy the festivities, and spend time with your neighbors!

Please note that the golf course will be closed on July 9 for scheduled aeration and will reopen on July 10. Summer is typically a slower season, so I encourage everyone to support both our golf course and restaurant. There are some great summer specials available, making it the perfect time to enjoy these wonderful community amenities.

I'm also pleased to share that the Board has approved a contractor to replace the failing windows on the second and third floors of the clubhouse. We expect this project to begin within the next few weeks and look forward to improving both the appearance and functionality of our clubhouse.

As always, thank you for making our community such a wonderful place to live. I hope to see many of you at our July events as we celebrate our country's history and the friendships that make our neighborhood so special.

Wishing you and your family a safe, happy, and memorable July!

Sincerely,

Julie Arbeau
Board President

Updates from Board Meeting

Collection of License/Maintenance Fees

The Board of Directors is committed to keeping homeowners informed through open communication and greater transparency regarding annual assessments. As of the end of May, assessment collections for 2026 are lower than they were at the same point in 2025.

The Board is actively developing a plan to address past-due assessments and improve collection efforts.

Strengthening assessment collections is essential to the financial health of Indian Lake Estates. Timely payment of assessments ensures that all property owners contribute fairly to the maintenance, services, and long-term well-being of our community.

Clubhouse Windows

The community approved spending for the replacement of the clubhouse second- and third-floor windows as part of the 2026 capital budget. The Board has selected Hutto Construction's bid for the replacement, contingent upon Hutto Construction providing an acceptable warranty or guarantee for the work and materials.

Quotes reviewed at the board meeting are available for all owners in the CiraNet portal.

Pier Repair

Indian Lake Estates has received multiple quotes for repairing the approximately 1000' section of pier that extends from the shore to the "T."

The Board discussed the quotes for both wood and PVC decking. The cost of these proposals require a community. The Board will present the pier repair options at the October General Membership Meeting and a vote on the proposals will occur at the December Annual Membership Meeting.

Landscaping

Big thanks to our board member, Al Akouka, who has donated plants for landscaping in various areas around ILE. Transplanting has begun and will continue for the next couple of weeks to help ensure the plants thrive with the benefit of seasonal rainfall.

The next Board Meeting will be held on July 30 in the clubhouse ballroom at 7 pm

Financial

Monthly financial reports are not available until the last week of the subsequent month.
Depreciation costs are estimated based on the 2025 depreciation schedule.

Indian Lake Estates, Inc Operating Fund Surplus by Business Budget vs Actual Summary	May Actual	May Budget	May YTD Actual	May YTD Budget	May YTD Budget Fav/(Unfav)	May YTD 2025	2025 to 2026 Fav/(Unfav)	Year over Year Growth

TOTAL SURPLUS Civic	-\$38	-\$363	\$525	-\$1,812	\$2,337	-\$1,781	\$2,306	129.5%
Reserve Allocation	\$0	\$0	-\$27,134	-\$27,134	\$0	-\$25,923	-\$1,211	N/A
TOTAL Surplus By Business - Before Depreciation	\$11,896.00	\$11,417.00	\$510,660.00	\$29,954.00	\$480,706.00	\$343,742.46	\$166,917.54	
* Maintenance Fees are billed and majority are collected in Jan-Feb. They are spread evenly over the year for reporting. 2025 has been estimated in like manor for comparison.								
Depreciation (estimated)	\$51,000	\$51,000	\$255,000	\$255,000	\$0	\$231,305	\$23,695	

Collections of 2026 maintenance fees are approximately \$400,000 behind where they were at the end of May 2025. This shortfall is primarily due to owners who have not yet made their required payments. The Board of Directors is actively implementing strategies to improve collections throughout the remainder of 2026. At the same time, expenditures are being closely monitored to help control costs.

The restaurant reported a deficit of \$1,159 for the month of May; however, it remains profitable overall for the year. Golf revenue is also lower, which is typical for this time of year. Strong revenue generated during the busy winter season helps offset the slower summer months, when rounds of golf decline while course maintenance expenses remain relatively consistent.

BOARD MEETINGS

Wednesday, July 8, at 6 pm in the
Clubhouse Conference Room

2026 Board of Directors

Mike Darrow - President

Sue Raychel - Treasurer

Donnie Arbeau - Board Member

Eric Pressley - Secretary

Juan Lopez - Board Member

**Call us to report water issues or request
new service.**

ILE Utility Office Update

The Utilities Office has moved back to the Administrative Offices in the Clubhouse.

Thank you to all of our customers for your patience during the three water main breaks over the past month and a half. These incidents resulted in temporary water outages and/or precautionary boil water notices for some residents.

Our water distribution system is up to 70 years old in some areas. As the rainy season begins and the ground shifts, water main breaks become more common, as they do in many aging water systems. The Utility Department works diligently to complete repairs, flush the water lines, and communicate updates to the community as quickly as possible.

Please note that whenever a water valve is shut off—even briefly—the Department of Health requires that a precautionary boil water notice be issued.

Email is our primary method of communicating utility updates and emergency notices. To ensure you receive these notifications, please verify that your email address is current by updating your CIRANET account or by contacting the Utilities Office.

The 2025 Annual Water Quality Report is now available on our website, and printed copies are available at the Clubhouse. Please note that this report applies only to ILE Utility customers and does not include residents who receive water from private well systems.

Community Dump Day
July 11th

Dump day is now ONLY the first
Saturday of the month.
Open 9 am - 1 pm at the
maintenance area on
RED GRANGE BLVD.

Residents only and ID is required

Library News

The ILE Community Library has been the recipient of numerous book donations lately, and our volunteers would like to thank each and every person for their donation. We have received a wide range of books, from some truly wonderful fiction books that will sweep you away in your imagination, to some great non-fiction books to help you whip up the perfect soufflé or build a beautiful birdhouse for your garden.

We recently had a wireless doorbell installed at the library's back door (door across from the gym) for our patrons who have a challenging time navigating the slight slope at the entrance of the library, which can be tricky, especially in rainy weather. The doorbell will allow our patrons to enter through the back of the library for safer passage. We would like to thank Tim Radler, Maintenance, for installing the doorbell for the safety of our patrons.

This summer, the library volunteers will be embarking on a project surrounding the history of Indian Lake Estates through the preservation of its photos and historical documents. Once completed, hopefully by the end of this year, these photos/documents will be available for our community to view. We will announce more news about this project as time moves forward.

School may be out for the summer, but that does not mean that learning needs to stop, especially reading. Did you know that there are benefits to children reading during the summer? Benefits such as children maintaining, or enhancing, their reading skills; allowing children to explore books that interest them, which in turn, fosters their love of reading; reading can help them improve their vocabulary, comprehension and critical thinking skills; and, it can even turn into a social activity for children with their friends/family by discussing their favorite book(s). So, parents, do not let the sun go down on your child's reading this summer. Bring them into the library and let them explore and the learning continue.

Open Monday, Wednesday & Friday from 10am - 12 pm

Library News

We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness.¹

July 4, 1776, marks the day the Continental Congress formally adopted the Declaration of Independence in Philadelphia, severing the 13 American colonies' political ties to Great Britain. The actual vote for independence, however, occurred on July 2, which led John Adams, our first vice-president and then our second president, to write to his wife, Abigail, "The Second day of July 1776, will be the most memorable Epocha, in the History of America. I am apt to believe that it will be celebrated, by succeeding Generations, as the great anniversary Festival. It ought to be commemorated, as the Day of Deliverance by solemn Acts of Devotion to God Almighty." ²

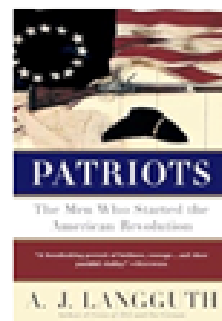

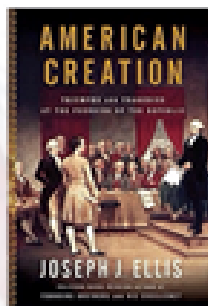

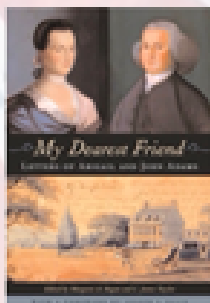

Although the Second Continental Congress made its decree for freedom on July 2, 1776, no one signed the Declaration of Independence. Congress did sign the Lee Resolution, named for Henry Lee (Virginia) on July 2. The Lee Resolution held three parts: separation from the British Crown, a call to form foreign alliances, and a plan for confederation. Congress formally adopted the Declaration of Independence two days later, July 4, 1776, and the sound of freedom was announced by the ringing of the Liberty Bell at Independence Hall. Although independence had been declared, delegates of the Continental Congress had not yet added their signatures on the document. On August 2, 1776, the Declaration of Independence became official when most of the delegates present signed the document.

However, it would take another six years before the fight for independence was achieved, as the British finally surrendered after the Siege of Yorktown on October 19, 1781. The Treaty of Paris, signed between the United States and Great Britain on September 3, 1783, made it official. The United States had become a sovereign and independent nation after six years of valor and sacrifice.

Since the Revolutionary War, the United States has fought many wars to defend freedom; all of which have come at a terrible cost. Freedom rings as loudly today as it did at Independence Hall in Philadelphia on July 4, 1776, thanks to our determination as a nation and as a people. On July 4, 2025, our nation will celebrate its 250th birthday. This birthday is just not a celebration of the past but also an opportunity to inspire a renewed love for American history.

1. Declaration of Independence

2. John Adams, July 3, 1776, letter to Abigail

Anyone caught damaging ILE or personal property will be prosecuted to the full extent of the law

ILE Security

Polk County Sheriff's Office: 863-298-6200

Polk County Animal Control: 863-499-2600

If you have any police emergency such as theft, burglary, suspicious vehicles or persons, you must contact the Sheriff's office directly and file a report. Contacting the ILE office will only delay response time and the office staff will not have the details to answer law enforcement questions. CAPS patrol is not permitted to approach suspicious individuals or complete house checks. If you are going away, we recommend you contact a friend or neighbor to keep an eye on your house.

COMMUNITY VOLUNTEERS WANTED

Polk County Sheriff's Citizen's Assisted Patrol (CAP)

Anyone entering or leaving ILE has likely seen the Polk County Sheriff's patrol car at the gatehouse.

Sheriff Grady Judd has established a community watch program called Citizen's Assisted Patrol (CAP), which relies on thousands of volunteers across Polk County to serve as the eyes and ears of the Sheriff's Office.

The mission of CAP is to observe and report, allowing sworn deputies to focus on active patrol duties. CAP volunteers commit a few hours per week or month—on their own schedule—to patrol the community and watch for unusual activity such as illegal dumping, vandalism, or suspicious behavior.

Volunteers must complete an application, which is submitted to the Polk County Sheriff's Office. Applicants will undergo a background check, and if accepted, will receive training and uniforms at no cost.

Snowbirds are especially encouraged to apply.

For more information or to request a CAP application, contact

Frank Miller, ILE CAP Coordinator

f.miller.dir@ilefl.com

Indian Lake Estates

GOLF

Greetings,

At the end of June, we began receiving much-needed afternoon rainfall after a particularly dry summer. The rough areas have responded well, showing noticeable growth spurts. Our Grounds Team has done an excellent job keeping up with mowing and trimming to maintain the course's appearance and playability.

The playing turf surfaces continue to improve, with weak areas filling in nicely and showing better overall condition each year. Our herbicide program is delivering excellent results by minimizing weed pressure and allowing desirable turf to establish and thrive. In addition, the program has helped regulate turf growth, enabling the team to maintain consistently playable surface conditions.

The Pro Shop and Restaurant have also been offering special promotions to encourage summer play. I would like to thank both teams for their efforts in attracting golfers and providing enjoyable experiences throughout the ILE facilities. We are looking forward to a great summer season and appreciate everyone's cooperation, support, and participation. Thank you for helping make ILE a great place to play and enjoy.

Best Regards,
Danny Lunceford
Golf Course Superintendent
