

AUGUST 2026

INDIAN LAKE ESTATES

NEWSLETTER

This month has been a little slower and quieter... well, as slow and easy as anything ever gets here in Indian Lake Estates!

We have a new interim Board member, Chris Sasser. Chris comes to us with an extensive business background, and we're all looking forward to working alongside him. I know all of you are just as excited to see him serving our community.

I hope everyone had a wonderful Fourth of July. Our Fourth of July celebration at the pavilion with the Yacht Club was a great success. The food was fantastic, and I want to extend a sincere thank you to the Yacht Club for putting on such a wonderful event. We appreciate everything you do for our community.

Our Summer Festival was also a huge success! It's always great to see families coming together, children laughing and playing, and neighbors enjoying time together. We look forward to seeing even more families come out throughout the rest of the summer. It's a great way for our kids to have fun in a safe environment.

I also hope everyone will enjoy the new bingo time slots. In August Betty is moving the time back one hour to accommodate those who have been asking to move it so they can come. If it proves to be a good move they will consider keeping it, if not they may go back to 12. If you want to support Bingo and the new time please show up and show your support. Thank you to everyone involved in making that happen.

As many of you know, we're now gearing up for berry season, and there's been a lot of work happening behind the scenes to make sure everything runs smoothly.

I'd like to recognize Al, who has been working hard securing the permits and getting everything ready for the season. He has selected several groups of harvesters that are licensed and have experience in berry gathering in all types of terrains. Al Oliveri will be in charge of overseeing the harvesting assisted by Chris Sasser and Kodi Harkins. Frank and Sherry have been diligently organizing the picking zones and schedules.

I also want to make everyone aware of an important issue. We've received reports that some individuals may be scouting berry patches or even picking berries illegally before the season begins. To help protect property owners and the berry harvest, the Florida Fish and Wildlife Conservation Commission (FWC) will be patrolling the area.

If you see anyone trespassing or harvesting berries without permission, please report it directly to Frank or Kodi. Working together helps protect everyone's property and keeps the season fair for everyone.

As always, thank you to all of our volunteers and everyone who works behind the scenes. Indian Lake Estates continues to thrive because people are willing to give their time, energy, and talents to make this community a better place.

**Enjoy the rest of your summer, stay safe,
and here's to another successful berry season!**

Julie Arbeau
Board President

Updates from Board Meeting

Welcome Our New Board Member

We are pleased to welcome Chris Sasser to the Indian Lake Estates Board of Directors.

Chris brings an extensive business background and a wealth of professional experience to the Board. Chris has been appointed to fill the remainder of Rob's term through the end of the year, and we are excited to have Chris join our leadership team.

Please join us in welcoming Chris and thanking him for his commitment to serving the Indian Lake Estates community.

Thank You for Your Support

A heartfelt thank you to everyone who helped make this month's community events such a success. We extend our appreciation to all the volunteers, organizers, sponsors, and attendees who contributed to the July 4th Yacht Club Celebration and the Summer Festival on July 25.

Both events were well attended and showcased the strong sense of community that makes Indian Lake Estates such a special place to live. Your enthusiasm, participation, and support helped create two memorable occasions for residents and guests alike.

Thank you for being part of these successful events. We look forward to seeing everyone at future community gatherings!

Looking Ahead

As summer continues, be sure to keep an eye on the community calendar and watch for announcements about upcoming events, activities, and gatherings. There are plenty of opportunities ahead to connect with neighbors and enjoy all that Indian Lake Estates has to offer.

We hope everyone has a safe, fun, and enjoyable remainder of the summer, and we look forward to seeing you at future community events!

**Board Meeting
August 27th at 7 pm
in the Clubhouse Ballroom**

Financial

Monthly financial reports are not available until the last week of the subsequent month. Depreciation costs are estimated based on the 2025 depreciation schedule.

Indian Lake Estates, Inc Operating Fund Income & Expense Budget vs Actual Summary	June Actual	June Budget	June YTD Actual	June YTD Budget	June YTD Budget Fav/(Unfav)	YTD % to Budget	June YTD 2025	2025 to 2026 Fav/(Unfav)

Restaurant	53,673	66,207	369,334	397,244	27,910	7.0%	370,982	1,648
TOTAL EXPENSES	240,649	328,384	1,504,051	1,970,306	466,255	23.7%	1,473,840	(30,211)
Net Before Depreciation	108,886	11,418	623,538	41,371	582,167	>999%	826,565	(203,027)
* Maintenance Fees are billed and majority are collected in Jan-Feb. They are spread evenly over the year for reporting. 2025 has been estimated in like manor for comparison.								
Depreciation (estimated)	51,000	51,000	306,000	306,000	-	100.0%	277,566	(28,434)

Collections of 2026 maintenance fees are approximately \$400,000 behind where they were at the end of May 2025. This shortfall is primarily due to owners who have not yet made their required payments. The Board of Directors is actively implementing strategies to improve collections throughout the remainder of 2026. At the same time, expenditures are being closely monitored to help control costs.

The restaurant reported a deficit of \$1,159 for the month of May; however, it remains profitable overall for the year. Golf revenue is also lower, which is typical for this time of year. Strong revenue generated during the busy winter season helps offset the slower summer months, when rounds of golf decline while course maintenance expenses remain relatively consistent.

2026 Board of Directors

Mike Darrow - President
Sue Raychel - Treasurer
Donnie Arbeau - Board Member
Eric Pressley - Secretary

ILE Utility Office Update

Updated Water Service Installation Procedures

Indian Lake Estates Utilities has recently updated its procedures for new water service installations. Our distribution system currently includes several dead-end water lines with blow-off valves. Dead-end water lines can contribute to water stagnation, reduced water quality, and lower water pressure for customers served by those lines.

To improve system reliability, water quality, and water pressure, Indian Lake Estates Utilities is transitioning to a looped water distribution system whenever feasible. As a result, quotes for new water service installations will now include the cost of any additional piping necessary to connect to the two nearest existing water mains. These connections create a looped system that enhances water circulation and provides more consistent service for both new and existing customers. Decisions for new installations is still made by the Utility Board on a case-by-case basis.

Call us to report water issues or request new service.

Library News

Why Libraries and Physical Books Matter More than Ever

Do you know where the word “library” originated from? It originated from Latin. The Latin word is “liber” for “book” or “document,” which can be found in “libraria” for “a collection of books” and “librarium” for “a container for books.” Hence, the word “library.”

According to 2021 statistics, the United States has approximately 125,211 libraries of all types throughout the U.S., with School Libraries making up most of the libraries with 98,506 (80,500 Public Schools, 17,900 Private Schools, and 160 Bureau of Indian Education-funded Schools). Public Libraries come in second with a total of 17,586 (9,252 Central Buildings a.k.a. “Main Libraries”; 7,623 Branch Buildings; and 711 Bookmobiles). Specialized Libraries, such as Corporate, Law, Medical, Religious, Research, etc, has approximately 4,396 libraries; after which comes Academic Libraries (think Harvard, Yale, etc) with 3,697 libraries. Government libraries account for 801 libraries and Armed Forces account for 225 libraries. Recently I have learned that Northeast Florida School District (Clay County), which has the most book removals and restrictions throughout the state, may now consider doing away with libraries in their senior high schools. The reasons behind this? Adhering to state laws and low turnout rate as more kids are using their phones/tablets to connect with social media.

It has been proven that physical books improve comprehension and retention, as much as six to eight times better, as readers absorb and recall information when reading from a physical book due to the tactile experiences of turning a page, compared to e-readers.

Physical books provide a more immersive and satisfying reading experience, allowing readers to engage fully without the digital distractions, such as “advertisement pop-ups”, timed alarm reminders, email notifications, battery running low, etc. The act of holding a book, turning its pages, and even highlighting passages creates a physical connection that enhances the reading experience, allowing for uninterrupted reading, and many readers find that physical books help them to relax and focus better, offering an almost meditative effect.

In addition, reading a physical book often involves social interactions, such as visiting the library, or bookstore, as well as sharing physical books with friends, which can add to the enjoyment of reading and offers a sense of accomplishment when returning the finished book to the bookshelf.

On a health-wise note, reading from paper reduces eye strain compared to screens, making it easier to read for longer periods of time without discomfort.

Like many small community libraries such as ours, we are not counted in any of the above statistics because we run on 100% donated funds from our patrons and donors, and we create fundraisers so that we can continue to serve our community needs with a wide range of books that stimulate thought provoking ideas, and also provide a multitude of adventures that will whisk you away for a couple of hours from the ordinary lives that we all lead.

The ILE Community Library is a source of pride for our volunteers, patrons, and community. Our patron base is continually seeing an increase and with school starting in just a couple of weeks, we hope to see even more young patrons walk through our doors. Our library has over 7,300 books spanning over 20 different genres, and we have some excellent books as well to help our young patrons get started with their book report.

We look forward to serving you! 📖

Open Monday, Wednesday & Friday 10am - 12 pm

ILE Security

Polk County Sheriff's Office: 863-298-6200
Polk County Animal Control: 863-499-2600

Anyone caught damaging ILE or personal property will be prosecuted to the full extent of the law

If you have any police emergency such as theft, burglary, suspicious vehicles or persons, you must contact the Sheriff's office directly and file a report. Contacting the ILE office will only delay response time and the office staff will not have the details to answer law enforcement questions. CAPS patrol is not permitted to approach suspicious individuals or complete house checks. If you are going away, we recommend you contact a friend or neighbor to keep an eye on your house.

COMMUNITY VOLUNTEERS WANTED

Polk County Sheriff's Citizen's Assisted Patrol (CAP)

Anyone entering or leaving ILE has likely seen the Polk County Sheriff's patrol car at the gatehouse. Sheriff Grady Judd has established a community watch program called Citizen's Assisted Patrol (CAP), which relies on thousands of volunteers across Polk County to serve as the eyes and ears of the Sheriff's Office.

The mission of CAP is to observe and report, allowing sworn deputies to focus on active patrol duties. CAP volunteers commit a few hours per week or month—on their own schedule—to patrol the community and watch for unusual activity such as illegal dumping, vandalism, or suspicious behavior.

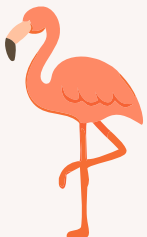

Volunteers must complete an application, which is submitted to the Polk County Sheriff's Office. Applicants will undergo a background check, and if accepted, will receive training and uniforms at no cost.

Snowbirds are especially encouraged to apply.

For more information or to request a CAP application, contact Frank Miller, ILE CAP Coordinator

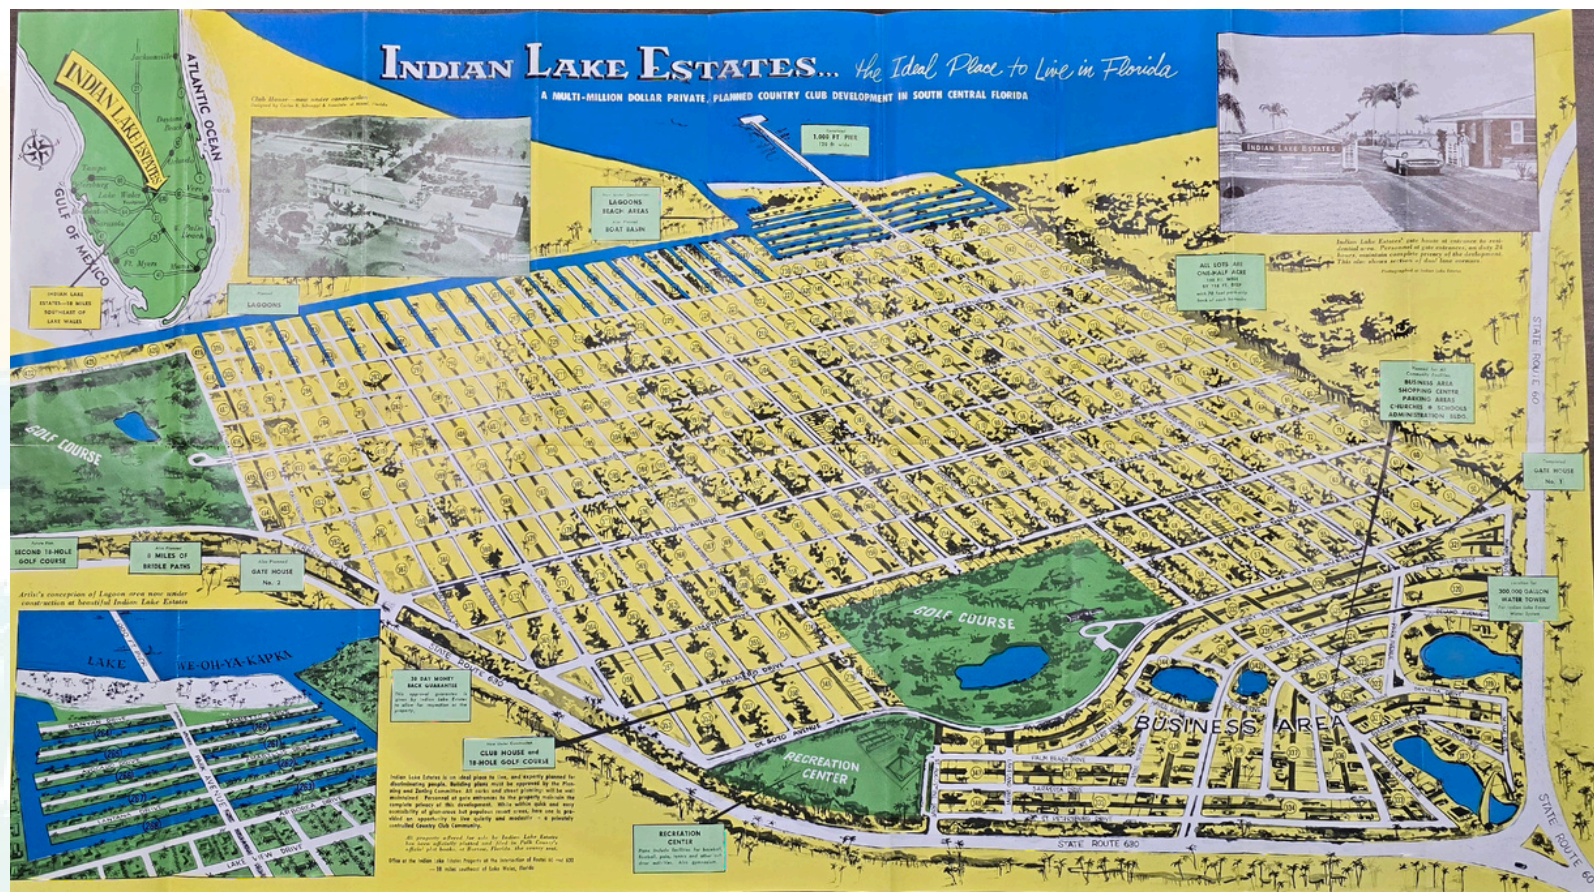

f.miller.dir@ilefl.com

Indian Lake Estates

from the 1960s vault...

Take a step back in time with this vintage Indian Lake Estates promotional map, believed to date from the late 1950s or early 1960s. At a time when much of Central Florida was still rural and undeveloped, Indian Lake Estates was being marketed as a visionary master-planned community centered around the natural beauty of Lake Walk-in-Water.

This map showcases the ambitious plans for the development, including residential neighborhoods, an 18-hole golf course, recreation facilities, business district, clubhouse, and the community's signature pier extending 1,000 feet into the lake. Many of the street names and community features shown on this map remain familiar to residents today, providing a fascinating connection between the original vision and the community that has grown over the decades.

Lake Walk-in-Water, one of Florida's largest natural lakes, was a major draw for early residents and visitors alike. Known for its exceptional fishing, wildlife, and scenic beauty, the lake helped establish Indian Lake Estates as a destination for those seeking Florida's outdoor lifestyle away from the crowded coastal cities.

Looking closely at the map, it's remarkable to see how much of today's community was already envisioned more than 60 years ago. What began as a bold development dream in South Central Florida has become home to generations of residents who continue to enjoy the area's unique blend of nature, recreation, and small-town charm.

GOLF

Greetings,

July brought some much-needed rain, resulting in a major growth spurt throughout the turf and rough areas. Despite the rapid growth, the team has done an excellent job keeping fairways, tees, and roughs well-maintained and consistently mowed.

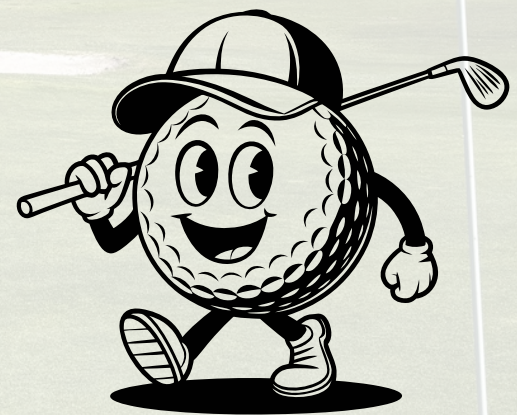

Aerification of the greens, approaches, and fringes was completed on July 9, and recovery has been excellent.

Combined with our targeted fertilization program, turf health and density continue to improve, particularly in weaker areas of the course. These agronomic improvements will not only enhance late-summer playing conditions but also provide an excellent foundation for this fall's overseeding program.

Our overseeding efforts have consistently improved winter course conditions and increased seasonal play each year. With continued support from our members and guests at the 19th Hole, we are looking forward to another outstanding golf season.

Thank you for your continued support.

**Best Regards,
Danny Lunceford
Golf Course Superintendent**

Hole Sponsor Spotlight

Thank you to KB Realty Team who has sponsored hole 9 for 2026 - 2029. KB Realty is located in Indian Lake Estates on Deland Ave. and is available to help with the sale of homes and properties in ILE and beyond.
