ILEU Meeting Minutes for July 8, 2026

Road cutting costs were discussed. There is a supply list and a cost of the repair. \$200.00 is regular cost at present time. Double road is \$350.00 due to the cost of asphalt (\$500-\$550- we could ask \$600.00 or also mark it as market price to be determined. There are cost for single lane road and the cost will double to the two lane roads. Also have to considered if there are special conditions.

Question from Juan the cost. Things need to be paid before start of work. New builds are to be done by the contractors. This is done before the construction done Contractor has to submit the plans before the start of the building.

Motion was taken to increase the basic price to \$600.00 Juan 1st 2nd Sue ... All in agreement

2581 Poinciana for theft of services. Awaiting the Detective report. Want 3x amount of the fee. Need more information Install about 2 years ago but can only go back 9 months ago

Adjournment at 6:29 PM Juan 1st 2nd Sue ... All in agreement
